

## Pupil Pages™

### Electronic Portfolios for Students!

*Pupil Pages™ enables students to create and maintain an online portfolio of their accomplishments.*

Give students an organized and stylized way of presenting their achievements.

- Students can customize navigation to better organize their portfolio
- Easily incorporate creative writing, artwork, presentations, music, movies and more!
- Students can archive work as they build their portfolio
- Provides a venue for self-reflection and feedback from fellow students and teachers
- Password protected & secure
- Includes customizable language filter
- Provides teachers with easy-to-use management tools
- Download your portfolio and save it to a CD

Create complete portfolios from professionally designed templates.

Students can easily update information from anywhere.
